Stile Porcelain

With a water absorption rate of less than 0.5%, Stile's Full Body Porcelain tiles are renowned for their strength and durability. Here at Stile, we have a wide range of designs, finishes and colors available to choose from, to best suit your living style.

Known for their versatility, Stile Porcelain tiles provide you with the inspiration to create your unique story with high-quality patterns and a wide range of contemporary designs. In this guide, you will find everything you need to prepare, finish and maintain your Porcelain floor tiles for years to come.

Size: 24x24 inches, 60x60 cm

Benefits Of Using Stile Porcelain:

Owing to the non-porous nature of Stile porcelain tiles, they are resistant to stains, scratches, fading and chipping.

Firing at higher temperatures and using more refined clay creates denser porcelain tiles, which if installed correctly ensure durability for decades.

Having low water propensity, Stile porcelain tiles are easy to maintain and are also resistant to harsh cleaning agents.

Versatile and available in a variety of finishes to create innovative flooring solutions.

Carving Ink:

A chemical is applied on the surface of the porcelain tile in a manner that creates patterns in the form of lines, giving a natural and soothing look.

Stile Recommends:

Using them in Bedroom, Living Room, Kitchen, Feature Walls, Balconies & Patios.

Mica:

A special finish is applied on the surface of the tile to create a glittery effect, making it shiny and stain free. Can be used on both Wall and Floor.

Stile Recommends:

Using them on Feature Walls, Bedroom Walls, Living Room Walls, Kitchen Spaces, Exterior Walls, Hallways, Reception Wall & Terrace.

Lapato Polish:

Lapato tiles have a softly polished finish, featuring a higher shine than matt tiles but a gentler finish than a traditional polished porcelain tile. It is a perfect balance between a matt and polished tile. Tiles with this finish tend to be more slip resistant than fully polished porcelain tiles. Can be used on both Wall and Floor.

Stile Recommends:

Using them in Bedroom, Living Room, Balconies & Patios.

Anti-Slip:

Double layer of Glazed Matt is applied on the surface of the tile to make it highly slip resistant and durable for high traffic areas specially.

Stile Recommends:

Using them on Ramps, Pool side floor, Porch, Terrace, Bedroom, Lounge, Living area, Kitchen, Offices, Walkways, Conference Halls, Garage & Bathroom.

Note: According to abrasion class, Mica and Lapato tiles are applicable for Class IV that is for regular traffic with some scratching dirt but due to its slipperiness in wet condition on floor, its use in kitchen, bathroom and wet areas is not recommended.
