# Stile Vein Porcelain

Stile is the Only Real Porcelain Manufacturer in Pakistan with technology of **full body material from top to bottom** as that of the very unique, Vein Porcelain.

Vein Porcelain Tiles from Stile give a conventional look closer to a marble feel and add a distinct charm to the living spaces. Due to its unique aesthetic values, it will transform your home by adding a touch of elegance.

Vein Porcelain is a full body porcelain tile with a vein design in the tile that goes all the way within and throughout the body of the tile. It is colored by pigments designed into a pattern that run through the entire tile hence, making the body color universal.

In this guide, you will find everything you need to prepare, finish and maintain your Vein Porcelain tiles for years to come.

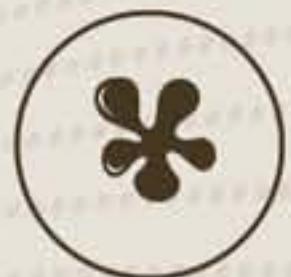

## Benefits of Using Stile Vein Porcelain:

It is a full body porcelain tile with design that runs through the entire tile.

Less than 0.1% water absorption improves strength which increases its durability and life of the tile.

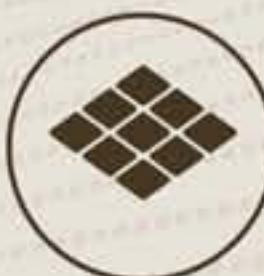

Owing to the non-porous nature of this tile, they are resistant to stains and fading; hence, maintaining the aesthetic beauty of the tile for a longer period.

It is resistant to household chemicals thus it maintains its color, design and surface finish for a longer time.

Due to their polished finish, these tiles are hygienic, easy to clean and low maintenance.

The installation of these tiles is ideal, easy and hassle-free.

## Stile Recommends:

Using them in areas such as Bedrooms, Living Room, Drawing Room, Balconies, Kitchen, Hallways, Offices, and Terraces.
