CHAIRMAN'S REVIEW REPORT

Dear Shareholders,

I have great pleasure in presenting the Chairman's review report for the year ended June 30, 2023.

MACRO ECONOMIC OVERVIEW

Pakistan's economy experienced un-precedented challenges in the past year. The devastating floods, coupled with a commodity price shock arising from Russia-Ukraine war, and the constricting of both external and domestic financing conditions, along with policy setbacks, exacerbated economic challenges and brought post-pandemic recovery to a standstill. As a result, economic growth came to a halt, inflation surged, forex reserves dwindled to critically low levels, and both fiscal and external pressures reached a state of acute concern.

The manufacturing sector was adversely affected, experiencing a sharp drop of 9.4% in FY23. The situation has been exacerbated by the recurring announcements of temporary plant shutdowns, attributed to delays in importing intermediate raw materials, thereby hampering production capabilities. Similarly, the construction industry also showed lackluster performance.

The economic and political landscape in Pakistan has been plagued by considerable uncertainty, further compounded by escalating risk premia and media speculation surrounding the potential of a sovereign debt default. As a consequence, both consumer and business confidence took a sharp hit, with prevailing uncertainties instilling caution and apprehension among various stakeholders.

BUSINESS OVERVIEW

The tiles and ceramics industry of Pakistan has faced significant adverse impacts, primarily due to the following factors:

- Slowdown in construction activities, leading to a suppressed market demand for tiles and ceramics.
- Rising input, manufacturing & freight costs, primarily caused by the devaluation of the Pakistani rupee, & soaring energy costs.
- Restrictions on imported raw materials for tiles production amid dwindling foreign currency reserves.
- Continuous depletion of indigenous natural gas resulting in usage of more expensive alternate fuels.

These challenges have had a severe effect on the industry, resulting in the closure of operations for number of tiles manufacturers or have curtailed their production due to low secondary sales demand.

Despite the challenging circumstances, your company managed to sustain its operations and achieve better-than-expected results, specially in the second half of FY2023. The management implemented several specific measures that played a crucial role in sustaining operations and success:

CHAIRMAN'S REVIEW REPORT AND DIRECTORS' REPORT

- Initiatives on cost controls and timely pricing decisions
- Strategized to optimize its energy mix
- Development of local sources of raw materials
- Brand building measures, including advocacy with key architects
- Strategy to focus on high-value SKUs.

PERFORMANCE SCORECARD

Over the past year, the company managed robust growth (in terms of revenue) due to strategic actions as to managing its product portfolio and the sales channel mix. The front-end team sustained sales volumes despite suppressed market conditions due to its diverse range of high-quality tiles that cater to both residential and commercial projects. Despite challenges in availability of imported raw materials, the management was able to ensure uninterrupted production and ensuring availability of high-quality products to meet market demand. Furthermore, the company has excelled in customer satisfaction, evident from positive feedback and a growing customer base. Your Company has also made notable strides in sustainability initiatives, demonstrating a commitment to environmental responsibility. Overall, the company has successfully strengthened its market position and is well-poised for further growth and success in the future.

Profitability was however badly affected by significant cost increase which could not be offset by price increases due to poor economic conditions and slow demand. Increased Incidence of tax also impacted the company's profitability

BOARD PERFORMANCE AND ROLE IN ACHIEVING COMPANY'S OBJECTIVES

In compliance with the provisions of the Listed Companies (Code of Corporate Governance) Regulations, 2019, the Board has established a formal and effective mechanism to conduct an annual evaluation of its own performance, as well as that of its Members and Sub-Committees. The approval and successful implementation of this evaluation mechanism further demonstrate the Board's commitment to adhering to corporate governance standards.

The board's overall performance has been commendable, showcasing strong leadership and strategic decision-making throughout the assessed period. Their relentless dedication to upholding the company's values and vision has translated into remarkable achievements, driving the organization towards its objectives. The board's effectiveness in fulfilling its role cannot be understated, as it has adeptly navigated challenges and harnessed opportunities to deliver positive outcomes. By fostering a culture of transparency, accountability, and innovation, the board has inspired all stakeholders and empowered the leadership team to work cohesively towards shared goals. Their insightful guidance and prudent risk management have played a pivotal role in ensuring the company's sustained growth and success in a competitive market landscape.

FUTURE OUTLOOK

The future of the tile industry in Pakistan, still represents a promising outlook due to the size of the country's construction sector and future housing demand. Advancements in technology and design will play a pivotal role, allowing STCL to offer innovative and aesthetically pleasing tile solutions that cater to evolving consumer preferences.

To thrive in this competitive landscape, your Company is looking to prioritize customer-centric strategies, personalized services, and effective marketing techniques. By leveraging digital platforms and e-commerce, the team is trying to tap into a wider customer base and stay relevant in a rapidly evolving market.

Energy continues to be a paramount concern in Pakistan, as depleting indigenous natural gas reserves pose a significant threat to the long-term sustainability of the industrial sector. The uncertainty surrounding gas supply has led to disruptions in production schedules and increased financial strain on the Company. Additionally, the expected rise in the gas tariff as part of the IMF agreement would lead to potential loss of competitiveness in the market. To tackle this pressing issue, a resolute commitment from the government is now more crucial than ever.

It is imperative for the government to devise a comprehensive policy aimed at harnessing the potential of shale gas within the country. By tapping into these untapped resources, Pakistan can reduce its dependency on dwindling natural gas reserves and secure a more stable and self-sufficient energy future. Such a strategic move will not only bolster the industrial sector but also contribute to overall economic growth and prosperity.

ACKNOWLEDGEMENT

I am truly thankful for the unwavering leadership and determination demonstrated by every member of our Company. I extend my heartfelt gratitude to the Board of Directors, Audit and Human Resource and Remuneration Committees, our dedicated staff, reliable partners, and supportive dealers for their collective efforts in surpassing expectations. It is through their hard work and commitment that we have been able to achieve remarkable outcomes and move forward together as a successful team.

برآں، IMF، معاہدے کے حصے کے طور پر گیس ٹیرف میں متوقع اضافہ ممکنہ طور پر مارکیٹ میں مسابقت کو نقصان پہنچا سکتا ہے۔ اس فوری مسئلے کو حل کرنے کے لیے اب حکومت کی جانب سے مضبوط عزم کی ضرورت ہے، جو پہلے سے کہیں زیادہ اہم ہے۔

حکومت کے لیے ضروری ہے کہ وہ ایک جامع پالیسی وضع کرے جس کا مقصد ملک میں شیل گیس کی صلاحیت کو بروئے کار لانا ہے۔ ان غیر استعمال شدہ وسائل کو بروئے کار لاکر، پاکستان قدرتی گیس کے کم ہوتے ذخائر پر اپنا انحصار کم کر سکتا ہے اور زیادہ مستحکم اور خود کفیل توانائی کے مستقبل کو محفوظ بنا سکتا ہے۔ اس طرح کے اسٹراٹجک اقدام سے نہ صرف صنعتی شعبے کو تقویت ملے گی بلکہ مجموعی اقتصادی ترقی اور خوشحالی میں بھی مدد ملے گی۔

اعتراف:

میں بورڈ میں اپنے ساتھی ممبران کی متحرک معاونت پر مشکور ہوں جس کی وجہ سے کمپنی اپنے مقاصد کے حصول کے ساتھ ساتھ مسلسل حصص یافتگان کیلئے طویل مدتی قرار فراہم کرنے میں کامیاب رہی۔ بورڈ کے ممبران نے کمپنی کی سمت بندی کیلئے ایک قابل ذکر شور زار سال میں ٹیم کو رہنمائی فراہم کرنے میں کلیدی کردار ادا کیا۔

رفیق ایم حبیب

چیئرمین

تاہم لاگت میں نمایاں اضافے سے منافع بری طرح متاثر ہوا جو کہ خراب معاشی حالات اور سست مانگ کی وجہ سے قیمتوں میں اضافے سے پورا نہیں ہو سکا۔ ٹیکس کے بڑھتے ہوئے رجحان نے بھی کمپنی کے منافع کو متاثر کیا ہے۔

بورڈ کی کارکردگی اور کمپنی کے مقاصد کے حصول میں کردار:

لسٹڈ کمپنیز (کوڈ آف کارپوریٹ گورننس) ریگولیشنز 2019 کی دفعات کے تحت، بورڈ نے اپنی کارکردگی کے ساتھ ساتھ اپنے ممبران اراکین اور ذیلی کمیٹیوں کی کارکردگی کا سالانہ جائزہ لینے کے لیے ایک باضابطہ اور موثر طریقہ کار قائم کیا ہے۔ اس تشخیصی طریقہ کار کی منظوری اور کامیاب نفاذ کارپوریٹ گورننس کے معیارات پر عمل پیرا ہونے کے لیے بورڈ کے عزم کو ظاہر کرتا ہے۔

بورڈ کی مجموعی کارکردگی قابل ستائش رہی ہے، جس نے پوری تشخیصی مدت میں مضبوط قیادت اور اسٹراٹجک فیصلہ سازی کا مظاہرہ کیا۔ کمپنی کی اقدار اور وژن کو برقرار رکھنے کے لیے ان کی انتھک لگن نے نمایاں کامیابیوں کا ترجمہ کیا ہے، جس سے تنظیم کو اس کے مقاصد کی طرف گامزن کیا گیا ہے۔ اپنے کردار کو نبھانے میں بورڈ کی تاثیر کو کم نہیں کیا جاسکتا، کیونکہ اس نے چیلنجز کو بخوبی نبھایا ہے اور مثبت نتائج کی فراہمی کے مواقع کا استعمال کیا ہے۔ شفافیت، جوابدہی اور اختراع کے کلچر کو فروغ دے کر، بورڈ نے تمام اسٹیک ہولڈرز کو متاثر کیا ہے اور قیادت کی ٹیم کو بااختیار بنایا ہے کہ وہ مشترکہ اہداف کے لیے ہم آہنگی سے کام کریں۔ ان کی بصیرت پر مبنی رہنمائی اور محتاط ریسک مینجمنٹ نے مسابقتی مارکیٹ کے منظر نامے میں کمپنی کی مسلسل ترقی اور کامیابی کو یقینی بنانے میں اہم کردار ادا کیا ہے۔

مستقبل کی پیش بینی:

پاکستان میں ٹائل انڈسٹری کا مستقبل، ملک کے تعمیراتی شعبے کے حجم اور مستقبل میں مکانات کی طلب کی وجہ سے اب بھی ایک امید افزا منظر پیش کرتا ہے۔ ٹیکنالوجی اور ڈیزائن میں پیشرفت ایک اہم کردار ادا کرے گی، جس سے STCL جدید اور جمالیاتی لحاظ سے خوش کن ٹائل حل پیش کر سکے گا جو صارفین کی ترقی پذیر ترجیحات کو پورا کرتے ہیں۔

اس مسابقتی ماحول میں سبقت حاصل کرنے کے لیے، آپ کی کمپنی کسٹمر پر مبنی حکمت عملیوں کو ترجیح دینے، ذاتی خدمات کی پیشکش، اور موثر مارکیٹنگ تکنیک کو نافذ کرنے پر توجہ مرکوز کر رہی ہے۔ ڈیجیٹل پلٹ فارمز اور ای کامرس کا استعمال کرتے ہوئے، ٹیم کا مقصد ایک وسیع تر کسٹمر بیس تک پہنچنا اور تیزی سے ترقی کرتی ہوئی مارکیٹ میں متعلقہ رہنا ہے۔

پاکستان میں توانائی ایک اہم مسئلہ ہے، ملکی قدرتی گیس کے کم ہوتے ذخائر صنعتی شعبے کی طویل مدتی پائیداری کے لیے کافی خطرہ ہیں۔ گیس کی فراہمی سے متعلق غیر یقینی صورتحال کے نتیجے میں پیداوار میں خلل پڑا ہے اور کمپنی کے لیے مالی دباؤ میں اضافہ ہوا ہے۔ مزید

چیئر مین کی جائزہ رپورٹ

معزز حصص یافتگان،

چیئر مین کی جائزہ رپورٹ برائے اختتام مدت 30 جون 2023 پیش کرتے ہوئے مسرت محسوس کرتا ہوں۔

معاشی جائزہ:

گذشتہ سال پاکستان کی معیشت کو غیر معمولی چیلنجز کا سامنا کرنا پڑا۔ تباہ کن سیلاب، روس اور یوکرین کی جنگ سے پیدا ہونے اجناس کی قیمتوں میں شدید اضافے، بیرونی ملکی سخت مالی حالات اور پالیسیوں کی خرابی کے باعث معاشی مشکلات مزید جمود کا شکار ہوئے اور کرونا جیسے وبائی امراض کے بعد کی بحالی کو روک دیا۔ نتیجتاً اقتصادی ترقی رک گئی، افراط زر میں نمایاں اضافہ ہوا، زرمبادلہ کے ذخائر انتہائی کم سطح پر پہنچ گئے، اور مالی و بیرونی دباؤ دونوں ہی مزید تشویش کا باعث بن گئے۔

پیداواری شعبہ کو مذکورہ وجوہات کی بنا پر منفی اثرات کا سامنا کرنا پڑا، جسکی وجہ سے مالی سال 2023 میں 9.4 فیصد کی زبردست کمی دیکھی گئی۔ خام مال کی درآمد میں پابندی اور تاخیر کی وجہ سے عارضی طور پر مختلف کمپنیز کو پلانٹ بند کرنے پڑے جس سے صورتحال مزید خراب ہوئی اور اس کے نتیجے میں پیداواری صلاحیتوں میں رکاوٹ پیدا ہوئی۔ اسی طرح تعمیراتی صنعت نے بھی ناقص کارکردگی کا مظاہرہ کیا۔

پاکستان کی معاشی اور سیاسی صورتحال اہم غیر یقینی صورتحال کی طرف سے نشان زد ہوئی ہے، جسے بڑھتے ہوئے قرضوں کے ڈیفالٹ ہونے کے امکان کے بارے میں میڈیا کی قیاس آرائیوں نے بڑھایا ہے۔ نتیجتاً کاروباری اعتماد میں شدید کمی واقع ہوئی ہے۔ موجودہ غیر یقینی صورتحال نے مختلف اسٹیک ہولڈرز کو محتاط اور عام صارفین کو خوف زدہ کر دیا ہے۔

کاروباری جائزہ:

پاکستان کی ٹائلز اور سیرامکس کی صنعت کو بنیادی طور پر درج ذیل عوامل کی وجہ سے اہم منفی اثرات کا سامنا کرنا پڑا ہے:

- ☆ تعمیراتی سرگرمیوں میں سست روی، جس کی وجہ سے ٹائلز اور سیرامکس کی مارکیٹ کی مانگ میں کمی واقع ہوتی ہے۔
- ☆ مال برداری کے بڑھتے ہوئے اخراجات، بنیادی طور پر پاکستانی روپے کی قدر میں کمی، اور توانائی کے بڑھتے ہوئے اخراجات۔

☆ غیر ملکی کرنسی کے ذخائر میں کمی کی وجہ سے ٹائلز کی تیاری کے لیے درآمد شدہ خام مال پر پابندیاں۔

☆ قدرتی گیس کی مسلسل کمی جس کے نتیجے میں زیادہ مہنگے متبادل فیول کا استعمال ہوتا ہے۔

ان چیلنجز کا صنعت پر شدید اثر پڑا ہے، جس کے نتیجے میں کافی تعداد میں ٹائلز بنانے والی کمپنیز کا کام بند ہو گیا ہے یا ثانوی فروخت کی کم طلب کی وجہ سے ان کی پیداوار میں کمی آئی ہے۔

مشکل حالات کے باوجود، آپ کی کمپنی اپنے آپریشنز کو برقرار رکھنے اور توقع سے زیادہ بہتر نتائج حاصل کرنے میں کامیاب رہی، خاص طور پر مالی سال 2023 کے دوسرے نصف حصے میں۔ انتظامیہ نے کئی مخصوص اقدامات نافذ کیے جنہوں نے آپریشنز اور کامیابی کو برقرار رکھنے میں اہم کردار ادا کیا:

- ☆ لاگت کے کنٹرول اور بروقت قیمتوں کے فیصلوں پر اقدامات
- ☆ انرجی کس کو بہتر بنانے کے لیے حکمت عملی بنائی گئی۔
- ☆ خام مال کے مقامی ذرائع کی طرف توجہ
- ☆ برانڈ بنانے کے اقدامات، بشمول کلیدی معماروں کے ساتھ وکالت
- ☆ اعلیٰ قدر والے SKUs پر توجہ مرکوز کرنے کی حکمت عملی۔

کارکردگی کا اسکور بورڈ:

گذشتہ سال، کمپنی نے اپنے پروڈکٹ پورٹ فولیو اور سبز چینل کس کے انتظام میں شامل اسٹریٹجک اقدامات کے ذریعے آمدنی میں اضافہ حاصل کیا۔ فرنٹ اینڈ ٹیم نے مارکیٹ کے چیلنجز حالات کے باوجود اعلیٰ معیاری ٹائلز کی متنوع رینج کی بدولت جو رہائشی اور تجارتی دونوں منصوبوں کو پورا کرتی ہے، فروخت کے حجم کو برقرار رکھا۔ درآمد شدہ خام مال کی دستیابی میں چیلنجز کے باوجود انتظامیہ بلا تعطل پیداوار اور مارکیٹ کی طلب کو پورا کرنے کے لیے اعلیٰ معیاری مصنوعات کی دستیابی کو یقینی بنانے میں کامیاب رہی۔ مزید برآں، کمپنی نے صارفین کے اطمینان میں بہترین کارکردگی کا مظاہرہ کیا ہے، جو مثبت آراء اور بڑھتے ہوئے کسٹمر بیس سے ظاہر ہے۔ آپ کی کمپنی نے ماحولیاتی ذمہ داری سے وابستگی کا مظاہرہ کرتے ہوئے پائیداری کے اقدامات میں بھی نمایاں پیش رفت کی ہے۔ مجموعی طور پر، کمپنی نے کامیابی کے ساتھ اپنی مارکیٹ پوزیشن کو مضبوط کیا ہے اور مستقبل میں مزید ترقی اور کامیابی کے لیے تیار ہے۔

DIRECTORS' REPORT

The Directors of the Company are pleased to present their report together with the Annual Report of the Company along with Audited Financial Statements for the year ended June 30, 2023.

BUSINESS ENVIRONMENT:

Throughout the year, the economic conditions in the country proved to be challenging. The value of PKR declined, taxes rose, inflation soared, worker remittances dropped, global supply chains were disrupted, interest rates increased, and the IMF program's resumption was delayed, all contributing to a general economic slowdown. Persistent limitations on opening Letters of Credit (LCs) and foreign payments remained in place. Resultantly, the construction sector experienced a notable downturn confronting unparalleled obstacles and your Company also encountered substantial challenges in its supply chain over the course of the year.

The significance of the construction industry in propelling a nation's economic advancement is paramount. However, in contemporary times, Pakistan's construction sector has been facing a significant hurdle – the impact of inflation and the rising costs of materials. Consequently, profitability suffered as the task of re-evaluating product pricing became arduous amidst high inflation & challenging market circumstances. Furthermore, higher construction material costs and inflationary pressures resulted in project delays or even cancellations.

Despite these obstacles, the company managed to maintain sustainable operations and concluded the fiscal year with a hard-earned achievement of surpassing the breakeven point.

FINANCIAL PERFORMANCE:

Below is a presentation of the Company's operating outcomes for the fiscal year ending on June 30, 2023, contrasted with the corresponding period from the previous year.

	2023	2022
	Rs. in '000	
Turnover – net	14,182,479	11,898,966
Gross profit	2,987,080	2,994,999
Earnings before interest, taxes and depreciation (EBITDA)	1,231,342	1,812,243
Depreciation	733,151	689,614
Finance cost	193,674	115,840
Profit before taxation	304,517	1,006,789
Profit after taxation	37,613	497,322
Earnings per share (Rs.)	0.16	2.08

TURNOVER:

The Company's revenue exhibited significant growth of 19%, attributed in part to ongoing endeavors to transition towards higher-margin products and counteract the rise in production expenses. During the fiscal year, the industry's market size experienced a substantial contraction. Nevertheless, the Company leveraged its differentiated product portfolio in alignment with its strategic approach and managed to maintain its sales volume, despite the suppressed market.

PRODUCTION:

In the face of demanding conditions marked by constrained access to imported raw materials due to challenges in opening LCs, the back-end team adeptly maintained operational continuity. This achievement stemmed from the Finance team's, proactive approach ensuring material arrangement well in advance without significantly impacting the working capital cycle. Additionally, persistent fluctuations in natural gas pressure persisted throughout the fiscal year, impacted supplies leading to cost escalations. Nevertheless, production operations were planned and adapted to align with customer preferences.

PROFITABILITY:

In the midst of a period of uncertainty and a demanding business environment in the current fiscal year, the Company achieved a gross profit of Rs. 2,987 million, a slight decrease from Rs. 2,994 million in the previous year showing a decline in margins Selling and distribution costs surged by Rs. 527 million, primarily driven by higher outward freight expenses resulting from a significant upturn in diesel prices. Administrative expenditures rose by Rs. 51 million, primarily due to the effects of inflation, and the company was unable to fully pass on these increases through selling prices.

LIQUIDITY AND CASH FLOW MANAGEMENT

Effective management of liquidity and cash flow is crucial for the financial health and stability of any company. To ensure this, your Company has established a comprehensive cash flow forecasting system that predicts inflows and outflows of cash over specific periods. ڈائریکٹر رپورٹ

آپ کے ڈائریکٹر ز اپنی سالانہ رپورٹ اور کمپنی کے مالیاتی گوشوارے برائے نختہ سال 30 جون 2023 پیش کرتے ہوئے اظہار مسرت کرتے ہیں۔

کاروباری ماحول:

رواں سال روپے کی قدر میں کمی، محصولات میں اضافہ، بڑھتا ہوا افراط زر، ترسیلات زر میں کمی، گلوبل سپلائی چین میں خلل، شرح سود میں اضافہ اور آئی ایم ایف پروگرام کے دوبارہ شروع ہونے میں تاخیر کے سبب ملک کے معاشی حالات شدید مشکلات کا شکار رہے اور شدید معاشی جھوٹ کا سامنا کرنا پڑا۔ لیپز آف کریڈٹ (LCS) اور غیر ملکی ادائیگیوں پر مسلسل پابندیاں برقرار ہیں۔ نتیجتاً غیر معمولی رکاوٹوں کا سامنا کرتے ہوئے تعمیراتی شعبہ زوال پذیر ہوا۔ رواں سال آپ کی کمپنی نے اپنی سپلائی چین میں بھی کافی چیلنجز کا سامنا کیا۔

تعمیراتی صنعت ملک کے لئے ہمیشہ سے معاشی اور سماجی اہمیت کی حامل رہی ہے۔ تاہم، عصر حاضر میں، پاکستان کے تعمیراتی شعبے کو ایک اہم رکاوٹ افراط زر کے اثرات اور خام مال کی بڑھتی ہوئی قیمت کا سامنا ہے۔ نتیجتاً، منافع کو نقصان پہنچا کیونکہ مصنوعات کی قیمتوں کا ازسرنو جائزہ لینے کا کام بلند افراط زر اور مارکیٹ کے چیلنجز کے حالات کے درمیان مشکل ہو گیا۔ مزید برآں، تعمیراتی میٹریلز کی زیادہ لاگت اور افراط زر کے دباؤ کے نتیجے میں مختلف منصوبے تاخیر کا شکار ہوئے یہاں تک کہ کچھ منسوخ بھی ہوئے۔

ان چیلنجز کے باوجود، کمپنی نے اپنے پائیدار آپریشنز کو کامیابی کے ساتھ جاری رکھا اور مالی سال کا اختتام بریک ایون پوائنٹ کو عبور کرنے کی ایک اچھی کامیابی کے ساتھ کیا۔

مالیاتی نتائج:

مالیاتی سال نختہ 30 جون 2023 میں کمپنی کے کاروباری نتائج کا گزشتہ سال کے ساتھ مقابلہ جائزہ درج ذیل ہے:

	2023	2022
خالص فروخت	14,182,479	11,898,966
مجموعی منافع	2,987,080	2,994,999
آمدن قبل از سود، ٹیکس اور فرسودگی (EBITDA)	1,231,342	1,812,243
فرسودگی	733,151	689,614
مالیاتی لاگت	193,674	115,840
منافع قبل از ٹیکس	304,517	1,006,789
منافع بعد از ٹیکس	37,613	497,322
فی حصص منافع / (روپے)	0.16	2.08

فروخت

کمپنی کی مجموعی فروخت میں 19 فیصد کا اضافہ ہوا، جس کی وجہ کسی حد تک بلند منافع کی حامل مصنوعات پر منتقلی اور پیداواری لاگتوں میں اضافے کو قابو کرنے کی کوششیں تھیں۔ مالی سال کے دوران، صنعت کی مارکیٹ کے حجم میں کمی واقع ہوئی۔ اس کے باوجود، کمپنی نے اپنی منفرد مصنوعات کی رینج کو اپنی حکمت عملی کے نقطہ نظر کے مطابق استعمال کیا اور سست مارکیٹ کے باوجود اپنی فروخت کے حجم کو کامیابی سے برقرار رکھا۔

پیداوار

LCs کھولنے میں درپیش چیلنجز کے باعث مطلوبہ حالات کے پیش نظر درآمد شدہ خام مال تک محدود رسائی کی وجہ سے بیک اینڈ ٹیم نے آپریشنل تسلسل کو مہارت سے برقرار رکھا۔ یہ کامیابی فنانس ٹیم کے فعال نقطہ نظر سے حاصل ہوئی جو کہ درکنگ کنپینل سائیکل کو نمایاں طور پر متاثر کیے بغیر پیشگی میٹریلز کے انتظام کو یقینی بناتی ہے۔ مزید برآں، قدرتی گیس کے پریشر میں مسلسل اتار چڑھاؤ برقرار رہا، جس سے سپلائی متاثر ہوئی اور لاگت میں اضافہ ہوا۔ اس کے باوجود پیداواری سرگرمیوں کی موثر منصوبہ بندی کی گئی اور انہیں صارفین کی ترجیحات کے مطابق ڈھالا گیا۔

منافع

زیر جائزہ مدت کے دوران کمپنی کا مجموعی منافع گزشتہ سال کے 2,994 ملین روپے سے کم ہو کر 2,987 ملین روپے رہ گیا جو کہ معمولی کمی کو ظاہر کرتا ہے، فروخت اور تقسیمی اخراجات میں 527

ملین روپے اضافہ ہوا جس کی بنیادی وجہ ڈیزل کی قیمتوں میں اضافہ کے نتیجے میں بیرونی مال برداری کی لاگتیں تھیں۔ افراط زر کے اثرات کی وجہ سے انتظامی اخراجات میں 51 ملین روپے اضافہ ہوا اور کمپنی فروخت کی قیمتوں کے ذریعے اس اضافہ کو مکمل طور پر پورا کرنے میں ناکام رہی۔

لیکویڈیٹی اور نقد بہاؤ کا انتظام

کسی بھی کمپنی کی مالی صحت اور استحکام کے لیے لیکویڈیٹی اور نقد بہاؤ کا موثر انتظام بہت ضروری ہے۔ آپ کی کمپنی نے اس بات کو یقینی بنانے کے لیے نقد بہاؤ کی پیش گوئی کا ایک جامع نظام قائم کیا ہے جو مخصوص مدت کے دوران نقد کی آمد اور اخراج کی پیش گوئی کرتا ہے۔ مزید برآں، اس بات کو یقینی بنایا جاتا ہے کہ کمپنی انوینٹری کی مثالی سطح کو برقرار رکھے تاکہ ضرورت سے زیادہ ہولڈنگ اخراجات سے بچا جاسکے اور دیگر ضروریات کے لیے نقد رقم مختص کی جاسکے۔

کریڈٹ پر موثر کنٹرول اور پیشگی ادائیگیوں کو محفوظ بنانے نے کمپنی کی لیکویڈیٹی پوزیشن کو منظم کرنے میں اہم کردار ادا کیا ہے۔ ان پہلوؤں کو مؤثر طریقے سے منظم کرتے ہوئے، کمپنی نے ایک مستحکم نقد بہاؤ کو یقینی بنایا، جو اس کے مالی استحکام اور ترقی کے لیے ضروری ہے۔ نقدی کے انتظام کے اس نقطہ نظر نے نہ صرف کمپنی کو مکمل لیکویڈیٹی چیلنجز سے محفوظ فراہم کیا بلکہ اسے سرمایہ کاری کے منافع بخش مواقع سے فائدہ اٹھانے کی بھی اجازت دی۔

تجارتی حکمت عملی:

"STILE" نے کامیابی کے ساتھ خود کو مارکیٹ میں ایک معروف برانڈ کے طور پر قائم کیا ہے، جو چھوٹے اور بڑے دونوں قسم کے منصوبوں کو پورا کرنے والی اپنی اعلیٰ سرائس اور پورسلین ٹائلز کے لیے مشہور ہے۔ اپنی کمپنی کے زیر ملکیت امپوریز کے ذریعے کام کرتے ہوئے، ہم اپنے قابل قدر صارفین کو اعلیٰ معیار کی مصنوعات فراہم کرنے پر فخر محسوس کرتے ہیں۔ ہمارے امپوریزز میں، ہم صرف ٹائلز ہی نہیں فروخت کرتے بلکہ ہم ایک مخصوص اور ذاتی نوعیت کا تجربہ پیش کرتے ہیں، خصوصی مصنوعات، اعلیٰ درجے کی ڈیزائن کی سہولیات، اور بہترین بعد از فروخت کی سروس فراہم کرتے ہیں۔ ہمارا نظریہ جدید ڈیزائنز اور غیر متزلزل کاریگری کی نمائش کرتے ہوئے Stile برانڈ کو نئی بلندیوں تک پہنچانا ہے۔ اس مقصد کو پورا کرنے کے لیے، ہم صارفین کے ساتھ براہ راست مشغول ہونے کی بنیادی اہمیت کو تسلیم کرتے ہیں، کیونکہ یہ ایک سازگار برانڈ میج کو فروغ دیتا ہے۔ ہم صنعت میں ایک پربہیم برانڈ کے طور پر Stile کی حیثیت کو برقرار رکھنے کے لیے مسلسل کوشاں ہیں۔

قوی خزانے میں معاونت

آپ کی کمپنی نے اس سال سرکاری خزانے میں انکم ٹیکس، سیلز ٹیکس، کسٹم ڈیوٹی اور دیگر حکومتی محصولات کی مد میں ایک 3,064 ملین روپے جمع کروائے (جبکہ 2022 میں 2,829 ملین روپے جمع کروائے تھے)۔

کاروباری خطرات اور چیلنجز

پاکستان کی تعمیراتی شعبہ جاتی سرگرمیاں سست روی کا شکار ہیں۔ اقتصادی مشکلات، بشمول بلند افراط زر کی شرح، غیر مستحکم شرح مبادلہ، اور سیاسی غیر یقینی صورتحال، وہ اہم عوامل ہیں جو اس معاشی سست روی کا باعث بنے ہیں۔ تعمیراتی میٹریل تعمیراتی صنعت کا ایک لازمی جزو، نہ صرف کسی ملک کے بنیادی ڈھانچے اور سہولیات کو بڑھانے، مجموعی معیار زندگی کو بلند کرنے میں، اور ملک کی جی ڈی پی کی شرح نمو میں خاطر خواہ حصہ ڈالنے میں بھی اہم کردار ادا کرتا ہے۔

ذیل میں اہم خطرات کا ذکر کیا گیا ہے جو ہمارے کاروباری آپریشنز کو متاثر کر سکتے ہیں:

- ☆ گیس کے ذخائر میں کمی کی وجہ سے گیس کی فراہمی میں اتار چڑھاؤ / رکاوٹ
- ☆ گیس مختص کرنے کی پالیسی میں نظر ثانی اور گیس ٹیرف میں اضافہ (آنے والی قدرتی گیس اور آرائل این جی) لاگت پر دباؤ ڈالتا ہے۔
- ☆ کونکے کی بڑھتی ہوئی قیمتیں۔
- ☆ ایل سی کے قیام میں مسائل جو پیداواری سائیکل کو متاثر کرتے ہیں۔
- ☆ بڑھتے ہوئے افراط زر کے نتیجے میں ثانوی فروخت میں سست روی ہو۔
- ☆ روپے کی قدر میں کمی۔
- ☆ سپلائی چین میں خلل، ڈیزل کی قیمتوں کی وجہ سے مال بردار لاگت میں اضافہ۔
- ☆ ٹیکس ادا کرنے والی کمپنیوں پر ٹیکس کا بوجھ۔

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

ayfu

Following are the key audit matters:

S. No.	Key audit matter	How our audit addressed the key audit matter
1.	Valuation of stock-in-trade (Refer note 13 to the accompanying financial statements.) The stock-in-trade balance constitutes approximately 23% of total assets of the Company as at the reporting date. This comprises raw and packing material, work-in-process (WIP), finished goods and stock-in-transit. Stock-in-trade is valued at the lower of cost and net realizable value (NRV). NRV is determined mainly keeping in view the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. We have considered this area to be a key audit matter due to its materiality and judgments involved in estimating the NRV of underlying stock-in-trade.	Our key audit procedures among others included the following: <ul style="list-style-type: none">• Obtained an understanding of the Company's process with respect to purchase and consumption of raw and packing material. Also tested design and operating effectiveness of controls relevant to such process.• Reviewed management's procedures for evaluating the NRV of stock-in-trade, performed testing on sample basis to assess the NRV and evaluated the adequacy of write down of stock-in-trade to NRV by performing a review of sales close to and subsequent to the year-end and comparing with the cost for a sample of products.• Tested the accuracy of ageing analysis of stock-in-trade, on a sample basis, to evaluate provision for slow moving stock-in-trade assessed by the management.• Assessed the appropriateness of management's basis for the allocation of cost and product on overheads and tested the calculations of per unit cost of finished goods, on a sample basis.• Reviewed relevant documents, including but not limited to supplier's invoices, letters of credits and shipping documents to verify the valuation of stock-in-transit as at the reporting date as well as inspected subsequent goods receipt note, on a sample basis.• Assessed the adequacy of related financial statement disclosures in accordance with the applicable financial reporting framework.

2.	Capital expenditure and related transfers	
	<p>As disclosed in note 7.1 and 7.5 to the accompanying financial statements, the Company incurred a significant amount of capital expenditure including capitalization during the year amounting to Rs. 541.772 million and Rs. 929.738 million, respectively.</p> <p>This represents a significant transaction for the year and involves management's evaluation of components of cost to be capitalized in accordance with applicable financial reporting framework. Further determination of the timing of when assets are available for use, their useful lives and residual values involves critical assessments.</p> <p>Accordingly, we have identified capital expenditure and related transfers as a key audit matter.</p>	<p>Our key audit procedures among others included the following:</p> <ul style="list-style-type: none"> • Obtained an understanding of the Company's process with respect to capital expenditure including determination of useful lives and tested design and operating effectiveness of controls relevant to such process. • Reviewed whether the components of cost capitalized meet the recognition criteria of an asset, in accordance with the applicable financial reporting standards. • Performed substantive audit procedures including physical verification, on a sample basis, of fixed assets acquired, assessment of nature of costs capitalized through testing of amounts and review of related third-party invoices, contracts, delivery notes, letter of credits and shipping documents. • Reviewed timing of capitalization by examining, on a sample basis, the completion / transfer certificates from the Company's technical department. • Reviewed management's estimates about the useful life of assets so capitalized and consequent depreciation rates used by the Company. • Assessed the adequacy of related financial statement disclosures in accordance with the applicable financial reporting framework.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

76

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

77

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. In the process of applying the Company's accounting policies, management has made the following estimates and judgments which are significant to the financial statements:

	Notes

e) leases	6.13 & 22
f) contingent liabilities	6.17
g) gas infrastructure development cess (GIDC) payable	22
h) deferred income	6.12 & 21

6. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**6.1 Property, plant and equipment****6.1.1 Operating fixed assets**

These are stated at cost less accumulated depreciation and accumulated impairment losses, if any except for freehold land, which are stated at cost less any impairment in value, if any.

Cost in relation to certain fixed assets, including capital work-in-progress, signifies historical cost and financial charges on borrowings for financing the projects until such time as the projects are substantially ready for their intended use.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

Depreciation is charged to statement of profit or loss on straight line basis, other than freehold land which is determined to have an indefinite life, at the rates specified in note 7.1 to the financial statements. Depreciation on additions is charged from the month in which the asset is available for use and on disposals upto the month immediately preceding the month of deletion.

Residual values and useful lives are reviewed at each statement of financial position date, and adjusted if expectations differ significantly from previous estimates which is applied prospectively in accordance with IAS 8 (Accounting policies, changes in accounting estimates and errors).

Repairs and maintenance are charged to the statement of profit or loss as and when incurred. Major renewals and improvements, if any, are capitalized when it is probable that respective future economic benefits will flow to the Company and the assets so replaced, if any, are retired.

An item of operating fixed assets is derecognised upon disposal or when no future economic benefits are expected from its use. Gains and losses on disposals of operating fixed assets are recognised in the statement of profit or loss in the period in which they arise.

6.1.2 Capital work-in-progress

These are stated at cost less any impairment in value. All expenditure connected with specific assets incurred during installation and construction period including advances to suppliers and contractors are carried under this head. These are transferred to operating fixed assets as and when these assets are available for use.

6.2 Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received as applicable. Unless the Company is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognized right-of-use assets are depreciated using straight line method over the lease term. Right-of-use assets are subject to impairment. The depreciation rates used are stated in note 8 to the financial statements.

6.3 Investment properties

These are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

Depreciation is charged to the statement of profit or loss applying the straight line method at the rate specified in note 9 to the financial statements. Depreciation on additions is charged from the month in which an asset is available for use and on deletions up to the month immediately preceding the deletion.

Repairs and maintenance are charged to the statement of profit or loss as and when incurred. Major renewals and improvements are capitalized and the assets so replaced, if any, are retired. Gain or loss on disposals is taken to the statement of profit or loss for the year.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

6.4 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use. All other borrowing costs are recognized as an expense in the statement of profit or loss in the period in which they are incurred.

6.5 Research and development costs

Research and development costs are charged to the statement of profit or loss in the period in which they are incurred, except for development costs that relate to design of new or improved products which are recognised as an asset to the extent that it is expected that such asset will meet the recognition criteria mentioned in International Accounting Standard (IAS)-38 "Intangible Assets".

6.6 Stores and spare parts

These are stated at cost less provision for slow moving and obsolete items. The cost is determined by the weighted moving average cost method except for those in transit or at bonded warehouse which are valued at actual cost plus other charges paid thereon.

6.7 Stock-in-trade

Stock-in-trade, except stock in transit are valued at the lower of cost and NRV determined as follows:

Raw and packing material	weighted average cost.
Work-in-process and finished goods	cost of direct materials and labour plus attributable overheads.

Stock in transit are valued at invoice price plus other charges paid thereon up to the reporting date.

Stock-in-trade is regularly reviewed by the management and slow moving items, if any, are brought down to their NRV. NRV signifies the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

6.8 Trade debts, loans, deposits and long term security deposits

Trade debts and other financial assets are stated initially at fair value and subsequently measured at amortised cost using the effective interest rate (EIR) method less an allowance for expected credit losses, if any. Allowance for expected credit losses is based on lifetime ECLs that result from all possible default events over the expected life of the trade debts and other financial assets. Bad debts, if any, are written off when considered irrecoverable.

6.9 Cash and cash equivalents

These are stated at cost. For the purpose of cash flow statement, cash and cash equivalents comprise of cash in hand, bank balances, treasury bills and term deposit receipts with maturity up to three months recognised under short-term investments net of short-term running finance, if any.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

6.10 Trade and other payables

Liabilities for trade and other payables are carried at cost which is the fair value of the consideration to be paid in future for goods and services received, whether or not billed to the Company.

6.11 Provisions

Provisions are recognized in the statement of financial position when the Company has a present legal or constructive obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions are reviewed at each statement of financial position date and adjusted to reflect current best estimate.

6.12 Deferred income

The benefit of a long-term finance at a below-market rate of interest is treated as a deferred income, measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates. The deferred income is held on the statement of financial position as a deferred credit and realised to the profit or loss over the periods necessary to match the related depreciation charges, or other expenses of the asset, as they are incurred.

6.13 Lease liabilities

The Company assesses at contract inception whether a contract is, or contains, a lease, i.e. if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company applies a single recognition and measurement approach for all leases, except for short-term leases. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating a lease, if the lease term reflects the Company exercising the option to terminate. The variable lease payments that do not depend on an index or a rate are recognised as expense in the period on which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses the incremental borrowing rate at the commencement date of the lease if the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

6.13.1 Short-term leases

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on such leases are recognised as expense on a straight-line basis over the lease term.

6.13.2 Significant judgement in determining the lease term of contracts with renewal options

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

6.14 Taxation**6.14.1 Current**

Provision for current taxation is based on the taxable income for the year determined in accordance with Income Tax Ordinance, 2001. The charge for current tax is calculated using prevailing tax rates. The charge for current tax also includes adjustments for prior years or otherwise considered necessary for such years, if any. Current tax is charged to the statement of profit or loss except to the extent it relates to items recognised directly in other comprehensive income in which case it is recognised in the statement of comprehensive income.

6.14.2 Deferred

Deferred taxation is provided, proportionate to local sales, on all temporary differences at the statement of financial position date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences to the extent it is probable that taxable profits will be available against which the deductible temporary differences can be utilized. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the tax rates that have been enacted or substantively enacted at the statement of financial position date.

6.15 Staff retirement benefit - Defined contribution plan

The Company operates a recognised provident fund for all eligible employees. Equal monthly contributions are made to the fund both by the Company and the employees in accordance with the rules of the scheme. The contributions from the Company are charged to the statement of profit or loss for the year.

6.16 Employees' leave encashment

Accrual for leave encashment is made to the extent of value of encashable accrued leaves of the employees at the statement of financial position date as per Company's policy.

6.17 Contingent liabilities

Contingent liability is disclosed when:

- there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

- there is a present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measure with sufficient reliability.

6.18 Foreign currency translation

Transactions in foreign currencies are recorded at the rates ruling at the date of transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the statement of financial position date. Exchange differences on foreign currency translations are taken to the statement of profit or loss in the period in which they occur.

6.19 Financial Instruments

6.19.1 Financial assets

The financial assets of the company mainly include trade debts, loans, deposits, long-term security deposits, short-term investment, other receivables and cash and bank balances.

On initial recognition, a financial asset is classified as measured at: amortised cost; Fair Value through Other Comprehensive Income (FVTOCI) – debt investment; FVTOCI – equity investment; or Fair Value through Profit or Loss (FVTPL). The classification of financial assets under IFRS 9 is generally based on the business model in which a financial asset is managed and its contractual cash flow characteristics. Based on the business model of the Company, the financial assets of the Company are measured and classified under IFRS 9 as follows;

Short-term investments in mutual fund units are measured at fair value through profit or loss. Trade debts, short-term investments in TDRs / treasury bills and other financial assets are measured at amortised cost using the effective interest rate method less an allowance for expected credit losses, if any.

Derecognition

A financial asset, a part of a financial asset or part of a group of similar financial assets is primarily derecognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either the Company has transferred substantially all the risks and rewards of the asset or the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

6.19.2 Financial Liabilities

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings, net of directly attributable transaction costs. For the purpose of subsequent measurement financial liabilities are either classified at amortized cost or fair value through profit or loss. The Company does not have any financial liability at fair value through profit or loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in statement of profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit or loss. This category applies to long-term financing of the Company as disclosed in note 20 to the financial statements.

6.19.3 Impairment of financial assets

Expected Credit Loss (ECL) is based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive. The shortfall is then discounted at an approximation to the asset's original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company.

At each statement of financial position date, the Company assesses whether financial assets are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the respective asset.

The Company uses the standard's simplified approach and calculates ECL based on life time ECL on its financial assets. The Company has established a provision matrix that is based on the Company's historical credit loss experience, adjusted for forward-looking factors specific to the financial assets and the economic environment.

6.19.4 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

6.20 Unclaimed dividend

This is recognised at the amount of dividend declared and unclaimed by shareholders from the date it became due and payable.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

6.21 Unpaid dividend

This is recognised at the amount of dividend declared and claimed by shareholders but remained unpaid for the period of 3 years from the date it became due and payable.

6.22 Operating segments

For management purposes, the activities of the Company are organised into one reportable operating segment. The Company operates in the said reportable operating segment based on the nature of the products, risks and returns, organisational and management structure, and internal financial reporting systems. Accordingly, the figures reported in these financial statements are related to the Company's only reportable segment.

6.23 Share capital and reserves

Ordinary shares are classified as equity and recognised at their face value. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Reserves comprise of capital and revenue reserves. Capital reserves represent share premium while revenue reserves comprise of general reserves and unappropriated profit. The purpose of general reserves includes, but not limited to, fulfilling various business needs like meeting contingencies, offsetting future losses, enhancing the working capital, etc.

6.24 Impairment of non-financial assets

The carrying amounts of non-financial assets other than inventories and deferred tax assets are assessed at each statement of financial position date to ascertain whether there is any indication of impairment. If such an indication exists, the asset's recoverable amount is estimated to determine the extent of impairment loss, if any. An impairment loss is recognised, as an expense in the statement of profit or loss. The recoverable amount is the higher of an asset's fair value less cost to disposal and value in use. Value in use is ascertained through discounting of the estimated future cash flows using a discount rate that reflects current market assessments of the time value of money and the risk specific to the assets.

6.25 Revenue

Revenue from contracts with customers is recognized when the control of the goods is transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods according to the negotiated contractual terms. The Company has generally concluded that it acts as principal in its revenue arrangements because it typically controls the goods or services before transferring them to the customer.

Performance obligations held by the Company are not separable, and are not partially satisfied, since they are satisfied at a point in time, when the customer accepts the products. In most of the cases, payments against the goods are realized in the month of delivery, without any variable considerations, financing components and guarantees.

The Company recognizes an account receivable when the performance obligations have been met, recognizing the corresponding revenue. Moreover, the considerations received before satisfying the performance obligations are recognized as advances from customer.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

Return on bank deposits / saving accounts is recognised on accrual basis;

Rental income on investment property is accounted for on a straight-line basis over the lease term; and

Return on short-term investments and other income if any is recognised on accrual basis.

Dividend income is recognised when the Company's right to receive the dividend is established.

6.26 Dividend and appropriation to reserves

Dividend and appropriation to reserves are recognized in the financial statements in the period in which these are approved.

6.27 Earnings per share

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

23.1 The Honorable Supreme Court of Pakistan (SCP), through its judgment dated August 13, 2020 has declared GIDC Act, 2015 a valid legislation. Under the judgement, all gas consumers including the Company were ordered to pay the outstanding GIDC liability as at July 31, 2020 to the Government in 24 equal monthly installments. GIDC was declared payable on the presumption that burden of same has been passed to the customers. Aggrieved by the Judgement, the Company, along with other industries, filed a review petition before the SCP, which was dismissed by the SCP on November 2, 2020. However, while deciding the review petition, the SCP stated that the Government of Pakistan (GoP) is agreed to recover the arrears in 48 monthly installments instead of 24 monthly installments.

The Company also filed a Suit with the Honorable High Court of Sindh (HCS) in September 2020 against collection of GIDC installments, before a factual determination of GIDC pass on is carried out, and the HCS granted a stay in September 2020 against recovery of GIDC payable from the Company till the finalization of matter by HCS. The matter is currently pending in the HCS.

Pursuant to the above decisions of the SCP, the management of the Company, in the prior year, derecognised the liability for GIDC and recognised new liability for GIDC at the present value of future cashflows considering 48 installments. The Company started making payments from November 2020 in 48 equal monthly installments. However, the installments for the period from October 2021 to June 2023 amounting to Rs. 498.244 million were not paid by the Company under the aforementioned stay order from HCS as SSGC started recovering GIDC as per 24 equal installments instead of 48 equal installments from October 2021.

Based on the legal advice obtained by the management, the Company is confident that there are strong grounds to support that recovery in 48 equal installments remains applicable and accordingly, no adjustment is required to be made in the measurement of financial liability in these financial statements. Further, the Company has also not accounted for the late payment surcharge based on the recovery stay granted by the HCS in line with the advice of its legal advisor. The current and non-current portion of GIDC in the financial statements have been segregated based on recovery in 48 equal monthly installments and the unpaid installments from October 2021 to June 2024 are included in the current maturity of GIDC.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

38. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company finances its operations through equity, borrowings and management of working capital with a view to maintaining an appropriate mix between various sources of finance to minimize risk. Taken as a whole, the Company is exposed to market risk (including interest rate risk, currency risk and equity price risk), credit risk and liquidity risk.

The Board of Directors have overall responsibility for the establishment and oversight of the Company's risk management framework. The Board is also responsible for developing and monitoring the Company's risk management policies. The Company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance. No changes were made in the objectives, policies or processes and assumptions during the year ended 30 June 2023 which are summarized below:

38.1 Market risk

Market risk is the risk that fair value of future cash flows will fluctuate because of changes in market prices. Market risk comprises of three types of risk: interest rate risk, currency risk, and equity price risk.

(i) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rate relates primarily to the Company's certain saving accounts, short-term investments in TDRs and treasury bills, long-term financing and short-term running finance. The company manages its interest rate risk by placing its excess funds in saving accounts in banks and by investing in TDRs and treasury bills. Management of the Company estimates that 1% increase in the market interest rate, with all other factors remaining constant, would increase the Company's profit before tax by Rs. 0.127 million (2022: Rs. 2.513 million) and a 1% decrease would result in the decrease in the Company's profit before tax by the same amount. However, in practice, the actual result may differ from the sensitivity analysis.

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities. It mainly arises when receivables and payables exist due to transactions in foreign currency.

The following is the foreign currency exposure as at the statement of financial position date:

	2023	2022
Trade payables - USD	1,487,068	782,852
Trade payables - Euro	920,742	2,015

The following significant exchange rates have been applied at statement of financial position date:

	2023	2022
	----- (Rupees) -----	
Exchange rate – USD	285.99	204.85
Exchange rate – Euro	312.93	213.81

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

A ten percent strengthening / weakening of the Pakistani Rupee against the above foreign currencies at the reporting date would increase / decrease profit before tax for the year by Rs. 71.34 million (2022: Rs. 16.08 million). This analysis assumes that all other variables, in particular interest rates, remain constant. The analysis is performed on the same basis for the previous year.

(iii) Equity price risk

Equity price risk is the risk of loss arising from movements in prices of equity instruments. The Company is not exposed to any equity price risk, as the Company does not have any investment in equity shares as at the statement of financial position date.

38.2 Credit risk and concentration of credit risk

Credit risk is the risk which arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. The Company attempts to control credit risk by monitoring credit exposures, limiting transactions with specific counterparties and continually assessing the creditworthiness of counterparties. Concentration of credit risk arises when a number of counterparties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. The Company is mainly exposed to credit risk on long-term security deposits, trade debts, loans and advances, short-term investments and bank balances. The Company seeks to minimize the credit risk exposure by dealing mostly with regular and permanent parties who pay on due dates.

The maximum exposure to credit risk at statement of financial position date is as follows:

	Note	2023 ----- (Rupees in '000) -----	2022
Long-term security deposits	10	31,817	32,149
Trade debts	14	411,969	175,043
Other receivables	16	5,781	2,229
Short-term investments	17	1,337,306	1,348,374
Bank balances	18	400,587	120,930
		<u>2,187,460</u>	<u>1,678,725</u>

Quality of financial assets

Concentration of credit risk exists when changes in economic or industry factors affect the group of counterparties whose aggregate credit exposure is significant in relation to the Company's total credit exposure.

The Company's portfolio of financial assets is broadly diversified and transactions are entered into with diverse credit worthy counterparties, thereby mitigating any significant concentration of credit risk.

The credit quality of financial assets that are neither past nor impaired can be assessed by reference to external credit ratings or to historical information about counterparty default rates as follows:

	2023 ----- (Rupees in '000) -----	2022
Customers with no defaults in the past one year
